Dedication to the ten principles of creation

We are dedicated to the ten laws and principles which rule creation:

1. The law of unity
2. The law of duality or polarity
3. The law of the three states of energy / the three planes of creation
4. The law of the four elements, of creation
5. The law of the vital, male principle
6. The law of the macrocosm, of perfect balance and the self
7. The law of the female principle and cornucopia

8. The law of the spirit
9. The law of fertility and diversity
10. The law of perfection
